

Why are we called “Canada22”?

“Chiefs are required to consider the impact of their decisions on the seventh generation yet to come.”

- Great Law of Peace of the Six Nations Iroquois Confederacy

Canada22 means thinking 7 generations through to the 22nd century.

What is “Canada22”?

Founded on Earth Day 2006, Canada22 is an umbrella organization that links people and groups together to fight for social and economic justice locally, nationally and globally.

With chapters forming in 14 Canadian cities, we link groups with the same social and economic goals so we can work together more effectively and combine resources, insight and ideas.
